

FIREFIGHTER PROGRAM

Join Addison Community Schools and the Addison Fire Department for an on-the-job training opportunity designed for high school juniors and seniors interested in a career as a firefighter. Students will be exposed to real life situations for hands on experiences in the field of firefighting while earning credits toward high school graduation. In addition, students successfully completing the program will have the option to test for professional certification.

- State Fire Fighter 1-2 Certification
- Student Organizations and Leadership Opportunities
- On-the-job Training, Job Shadows and Field Trips
